Helgkassen

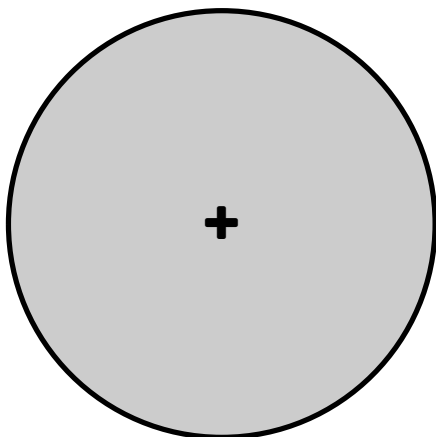

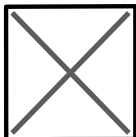

Helgkassen is a digital menu system that allows you to view the menu on your smartphone or tablet. It is a convenient way to browse the menu and place your order. The menu is updated in real-time, so you can always see the latest offerings. Helgkassen is available on both iOS and Android devices. To use Helgkassen, simply download the app or visit the website on your mobile device. You can then browse the menu and place your order. Helgkassen is a great way to make your dining experience more convenient and enjoyable.
